PRONTUARIO TERAPEUTICO OPEDALIERO	REDATTO DA	APPROVATO DA
	Dott. G. GULISANO Dr.ssa M.COSTANTINI	Dr.ssa M.R. ZUCCHERI
	DATA EMISSIONE 18/01/2008	REVISIONE

PRESENTAZIONE:

Il presente elenco è costituito da tutti i farmaci presenti nel Prontuario Terapeutico Locale e distribuiti dalla Farmacia Ospedaliera alle U.O. del Presidio Ospedaliero.

Per facilitare la consultazione è stato strutturato in 3 sezioni:

- 1a) Elenco in ordine alfabetico per **nome commerciale attuale (nuova gara Regionale)**
- 2a) Elenco in ordine alfabetico per **principio attivo**
- 3a) Elenco in ordine alfabetico per **nome commerciale dei farmaci della “vecchia gara”**

Quest’ultimo elenco permette di convertire il nome commerciale del farmaco presente nella “vecchia gara” nell’attuale nome commerciale del farmaco aggiudicato nella nuova gara della Regione Umbria.

Resta inteso che i farmaci della “vecchia gara” saranno erogati fino ad esaurimento scorte, ma le richieste **dovranno comunque pervenire con il nuovo nome commerciale e relativo codice.** Sarà cura della Farmacia Ospedaliera provvedere all’eventuale sostituzione.

Nell’ultima colonna “**note**” sono indicate le:

- Temperature di conservazione solo per i farmaci da conservare a **temperature determinate** (in assenza di specifiche indicazioni si intende generalmente “tra + 8° e + 30°C”)
- Altre informazioni relative alle modalità di erogazione come riportato nella legenda successiva.

LEGENDA:

- **MOD 1** Richiesta Motivata Personalizzata per Antibiotici, quali: Cefalosporine di III Generazione (cefotaxima sodica, ceftriaxone sodico, ceftazidime, cefodizima), Cefepime, Daptomicina, Fluorochinoloni EV (ciprofloxacina, levofloxacina), Imipenem-Cilastatina, Linezolid, Meropenem, Piperacillina/Tazobactam, Quinupristin/Dalfopristin, Tigeciclina, Teicoplanina, Vancomicina,
- **MOD 2** Richiesta Motivata Personalizzata per Emoderivati, Antiblastici, Albumina, Complesso Protrombinico, Fattori di Crescita, Eritropoietina
- **MOD 3** Richiesta Farmaci extra-prontuario
